Actions to Stop Doing

- PROCRASTINATION, need to prioritize the project more. Other classes are challenging/time consuming but need to make more progress on the project.
- Doing “scrum but”, need to follow scrum processes more closely so that the team is more productive.

Actions to Start Doing

- Weekly group coding sessions (aim to have them more frequently if possible)
 - Could potentially be after existing scrum meetings
- Going to Dave’s office hours when can’t meet with Kevin at Cabrillo

Actions to Keep Doing

- Being prompt to meetings
- Communicating frequently on Slack
- Keeping the Trello board up to date
- Continue to email Kevin to track him down

Work Completed/Not Completed

Completed:

- User Story 1: As an engineer I want to be able to learn ReactJS and MongoDB in order to implement an organized and functional website.

Not Completed:

- User Story 2: As a member of Clean Oceans I want a clean, organized, and planned layout of the website so I can easily find the necessary links.
