Actions to Stop Doing

- We need to confirm our architecture and not switch anymore.

Actions to Start Doing

- We need to merge more often so we can have a master with all the implementations that work
- We need to communicate more since it's getting towards a hectic time
- We should start commenting any code we write, so everyone can understand what is going on

Actions to Keep Doing

- Keep having the group coding sessions
- Keep staying on schedule with our scrum meetings

Work Completed/Not Completed

Not Completed:
- User Story 1: As a member of Clean Oceans I want to view the posted data on a map to have easy viewability of my necessary information.
- User Story 2: As a member of Clean Oceans I want to be able to filter the data by different areas so I can view the data clearly.
